Dani,

looks like we'll wait until after the public comment period closes in late December for the proposed NPL listing. That would place a meeting time frame in January or February 2011. We'll see how that matches with the upcoming field work so that we have data to present to the public. Thanks.

Hi Vince,

I was wondering if you knew when you'll have a public meeting at the WCR 112 site?

Thank You,
Dani
